

ONYX | Wall lamp

ONYX is a wall lamp designed to touch the codes of a futuristic design. It boosts your bathroom design with its strong vertical lines and contrast. Designed by Léon De Coninck, the ONYX won the Remarkable Bathrooms 2022 Prize, in the lighting category. This wall lamp does not dazzle and is slow energy consumption. Its design is unique and it is easy to install. In addition, it is repairable and recyclable.
